Description

Bridge Cottage is a traditional thatched Donegal cottage dating back over 200 years. It has been carefully restored to retain its character and charm yet combines the relaxed and peaceful atmosphere of a cosy turf stove, wooden ceiling and stone tiled floor with all modern comforts.

A large sun terrace at the rear of the cottage offers the perfect spot to relax and unwind with beautiful views of sheep grazing on the neighbouring hillside. Adjoining the terrace, there is an enclosed garden/paddock bordered by a stream.
